

Child Jesus found by Justine Klotz

Justine had found hers on 3rd July 1970, the first Friday of the month, for the Church and for the souls.

Our Lady said to her: “I led you to this place to find the Child. My blessing is on this Child. I give the Child a new court. This Child will still be loved a lot.

...He should belong to the Church. Let him be consecrated again, he has to stay the way he is now. Through this Child many miracles will happen. Many are the injuries it has suffered. God has a plan with all this. Daughter, now there will be light in many souls...

You can draw grace every time you think of the Child.

I love the ill and the needy, and sinners.

Mothers should call me when their children lose the way. But ask them to have faith, that the time will come. This help is needed. I only need to ask the Child (and the Child Jesus I keep was indicated to me). **Place your intentions and requests under the pillow...** It will stay in this house at first, so that many can come and honour the Child. **It shall belong to the Church.** Let it be consecrated again, it shall stay the way it is. Through this Child, miracles are still to happen. So much shame has fallen on it, and through it, on me.

I give the Child a new court. Believe it. This Child will be adored. **I led you to this place to find the Child. My blessing is on this Child...**
